Single Hanks

Blue String and Canadian Single Hanks for Violin and Cello

Best White Blue String Brand - Mare's

Professional bow makers and musicians choose this type of hair for its unequalled quality, natural white appearance and most of all, its consistency in diameter and strength. It originates from the Mongolian and China borders and is primarily from the female horse (Mare). The mares hair is identified by the urine stains at the tapered lower end of the hair. This gives extra grip for the rosin, as the urine lifts the minute scales to act as microscopic anchors. Our "Blue String Brand" is our best selling hair and is very well known in 46 different countries around the world.

Blue String Brand			Canadian	
(price per hank)	Violin (5.5g)	Cello (9g)	Violin (5.5g)	Cello (9g)
